WRITING

Today I want to write about  
book named as "The crime and the punishment".  
This book was written by F.M. Dostoevsky. This  
book is psychological novel, it helps people to  
understand who they are and how to spend, live  
their life. The main character of the book  
is Rodeon Raskolnikov. This character had a  
theory that only strong personality can kill  
someone to help others and he also wanted  
to ~~prove~~ prove to himself that he is a strong  
personality. So, as a result, he kills woman and  
probably destroys his soul after that. After murder  
author writes about his thoughts.

Personally I like this book because it  
helped ~~me~~ me to get what is wrong and what is  
right in our world.

This book is recommended to any ages, I  
guess, because it considers very important knowledges  
about the truth of our world.

The book I would like to review is "War and peace" by L.N. Tolstoy. It's a very massive book of Russian classical literature. So, why everyone should read it?

"War and peace" is a novel about the war in Russia. The plot of the book is based on a history of the ~~19~~ nineteenth century. There are many memorable characters including the Rosov family and others. Also this book is interesting for it's love line between characters.

To sum up I would like to say that this novel is one of the best book I've ever read. This book lifts you out of your everyday life. I'd like to recommend the book for anyone interested in history of our motherhood.

WRITING

There is one book that was written by one of the most famous Russian classic writers Leo Tolstoy. The name of the novel he wrote is "War and peace".

First, nobody from the number of educated and cultural people in Russia would object if this novel will be called the most important book for reading, especially for children.

There is a plenty of stories happened with several families of noblemen. In this novel characters' destinies crash and repairing; they are becoming older and wiser year by year, and everything happens in the war background. The names of the main characters are Natasha Rostova, Andrew Bolkonsky and Pierre Bezukhov.

I like the novel and recommend it, especially to the students, because the book is about life and many its aspects. It would be necessary for teenagers to read it.

# Harry Potter and Philosopher's Stone

I am a big fan of books based on fantastic events. I recently read Harry Potter, which combines both incredible adventure and spiritual drama.

The book ~~was~~ written in London, and presents the life of a wizard and witch at Hogwarts School of Witchcraft and Wizardry. The plot revolves around a fictional character, Harry Potter, who fights evil.

The eleven-years-old orphan boy Harry Potter lives in the family of his aunt and does not even suspect that he is a real wizard. But one day an owl arrives with a letter for him. He learns that he enrolled in Hogwarts, as a result he manages to reveal the secret of the philosopher's stone.

The plot is thrilling and Daniel Radcliffe is splendid in his role as Harry. The fascinating events depicted are very interesting for someone who knows nothing about Hogwarts.

What I really liked was the fact that although at the beginning of the book, Harry seems an impressive character, by the end of the book he really shows his courage and bravery, and you realize why the world supports him.

I would definitely recommend this book, if you really want to plunge into the world of magic and adventure.
